

# List of typos for the article “Growing interfaces uncover universal fluctuations behind scale invariance”

Kazumasa A. Takeuchi (mail: kat@kaztake.org)

November 15, 2012

After publication of the aforementioned article [K. A. Takeuchi, M. Sano, T. Sasamoto & H. Spohn, *Scientific Reports* **1**, 34 (2011)], I noticed a few typographical errors in the published version. Regretting that I could not find them at the proof-reading stage, here I list them to help the readers.

page 1, equation (1)

**[wrong]**

$$w(l, t) \sim t^\beta F(lt^{-1/z}) \sim \begin{cases} l^\alpha & \text{for } l \ll l_*, \\ l^\beta & \text{for } l \gg l_*, \end{cases}$$

**[correct]**

$$w(l, t) \sim t^\beta F(lt^{-1/z}) \sim \begin{cases} l^\alpha & \text{for } l \ll l_*, \\ t^\beta & \text{for } l \gg l_*, \end{cases}$$

page 4, 5th line in the paragraph “Theoretical accounts.”

**[wrong]**  $\bar{A}_{ij} = A_{ij}$

**[correct]**  $\bar{A}_{ij} = A_{ji}$

page 5, Reference 23

**[wrong]** Trach, C. & Widom, H.

**[correct]** Tracy, C. & Widom, H.

I apologize to Prof. Tracy for this error.

page 5, Reference 24

**[wrong]** *Commun. Math. Phys.* **1777**

**[correct]** *Commun. Math. Phys.* **177**
